Dear Parents

Re: Free School Meal Entitlement, for pupils who have qualified.

Your child has qualified for free school meals and we are writing to inform you of the choices available. Free school meals were introduced by the government so that qualifying families could ensure that their child gets a nutritious **meal** in the middle of the day.

The catering facilities at Sarum Academy are provided by 'Catering Academy', who pride themselves on being a fresh, young, vibrant catering company. Their passion and innovative approach to food allows them to deliver fresh exciting dishes, prepared and served to exceed the highest quality expectations. We are a Healthy Eating Academy with low salt and sugar throughout our meals.

It is recommended that your child uses the allowance of £2.20 per day to purchase a meal at lunchtime and if your child requires a snack at break time it would be better to provide this from home along with a drink bottle. Water is available for free in drinking fountains or jugs in the dining hall.

Attached you will find a price list of available items, although please note that the menus do change regularly as we include seasonal fruit and vegetables. Pupils are able to mix and match items from the attached list providing they do not exceed the allowance of £2.20 per day.

You are able to access a sample menu here:

<http://www.sarumacademy2017.org/index.php/academy-information/catering>

A Meal Deal totalling £2.20 includes a Hot Meal either meat or vegetarian, this comes with fresh vegetables and a pudding.

We are seeing an increase of pupils spending their allowance during break and then not having money to purchase a proper meal at lunchtime. To help with this Catering Academy have agreed to provide a breakfast at 8:00am for a cost of 20p which would have to be provided by you. Toast, cereal or porridge are available at this time.

Yours sincerely

Mrs J. Moore
Deputy Headteacher
